

DuoVan

**CITROËN
DISPATCH**

The ultimate solution for transporting people and cargo safely together

By adding a second row of seats including an integral bulkhead for passenger protection, the Duovan concept provides considerable benefits to the van operator, providing safe comfortable transport for up to six people including the driver, with the added benefit of being able to carry a sizeable load of cargo or tools and equipment, thereby creating savings in both cost and time.

Duov Van

CITROËN DISPATCH

THE ULTIMATE SOLUTION FOR TRANSPORTING PEOPLE AND CARGO SAFELY TOGETHER

A range of optional accessories are available as listed to enable you to put together a specification to suit your requirements.

Safety is a key ingredient. The extra seating has been carefully designed and tested to comply with **EU Whole Vehicle Approval safety standards** and the bulkhead tested to ISO 27956 for load shifting protection giving peace of mind to the operator.

Comfort is also very important. The high back seat, with its contoured foam, deep seat cushion, and adjustable headrests, provides a high level of passenger comfort. Added to this, the design and positioning of the seat has been worked out in such a way that both passenger legroom and load area are maximized.

With the ability to combine two roles, the Duovan opens up a world of possibilities to a wide range of businesses and other applications.

STANDARD CONVERSION SPECIFICATION

Second row three seat bench trimmed in cloth to match front seats with adjustable tilting headrests, 3-point occupant restraints, integral moulded bulkhead with central viewing window, rubber anti-slip flooring to the crew area and moulded headlining in matching cloth trim.
