

## CoTrim's range of conversions to the **Mercedes-Benz Vito & Sprinter**

Van Conversion Centre

Welcome to CoTrim  
Your Safety & Comfort is our priority

CoTrim is a well-established conversion company, driven by the highest standards of service and quality; established for over 23 years, and a market leader in crew van, wheelchair access and minibus conversions.

- Established client base
- High repeat business ratio
- Experienced and responsive
- Very low staff turnover
- Qualified Partner to Mercedes-Benz Vans in the UK
- Mercedes-Benz Delivery Point Code
- Secure vehicle compound with CCTV
- Conversions compliant with Whole Vehicle Type Approval Legislation.

Our Standards

The products we install are rigorously tested, certified and fully compliant with stringent EC safety standards for Whole Vehicle Type Approval.  
This ensures all vehicles are 'Safe to use on the road and have a lower impact on the Environment.'

Working closely with the VCA, (Vehicle Certification Agency) CoTrim has been granted Conformity of Production, backed up by a UKAS approved ISO9001 quality management system.

Our Vision

To remain at the forefront of the vehicle conversion industry through ongoing growth and investment, and a commitment to solving challenges and needs of our customers.

Our Mission

To consistently provide the highest levels of quality and support, by an in-depth understanding of the needs of our customers, and the ways in which we can provide solutions to those needs.

Our Commitment

Proven commitment to finding cost-effective and innovative solutions.  
Consistent and unbroken accreditation to relevant ISO Quality Standards.  
Long-standing track record of confidentiality, trust and core values.  
In-depth understanding and knowledge of vehicle conversions and associated products.  
Ongoing policy of acquisition of new equipment maintains our unmatched capabilities in the field.  
Pro-active and responsive to H&S issues, minimising our impact on the environment.

Our Values

Clear and straightforward in our communications. Trustworthy and accurate in our dealings. Flexible and open-minded in our approach. Committed to seeing your project through. Progressive, seeking new challenges. Supportive and helpful in achieving your objectives.

DuoVan®

Vito 5-6 seat crew van

The ultimate solution for transporting people & cargo

Design

By adding in a second row of seats including an integral bulkhead for passenger protection, the Duovan concept provides considerable benefits to the van operator; providing safe comfortable transport for up to six people including the driver; with the added benefit of being able to carry a sizeable load of cargo or tools and equipment, thereby creating savings in both cost and time.

A range of optional accessories are available as listed to enable you to put together a specification to suit your requirements.

Safety

The extra seating has been carefully designed and tested to comply with EU Whole Vehicle Type Approval safety standards and the bulkhead tested to ISO 27956 for load shifting protection giving peace of mind to the operator.

Comfort

The high back seat, with it's contoured foam, deep seat cushion, and adjustable headrests, provides a high level of passenger comfort. Added to this, the design and positioning of the seat in relation to the front seats has been worked out in such a way that both passenger legroom and load area are maximized.

Versatility

With the ability to combine two roles, the Duovan opens up a world of possibilities to a wide range of businesses and other applications.

STANDARD CONVERSION SPECIFICATION

DUOVAN double cabin seat with bulkhead to the second row, including: three seat contoured bench, covered in cloth to match the front seats, adjustable tilting headrests, 3-point occupant restraints, integral moulded bulkhead with central viewing window and additional load space under the seat, accessible from the rear. Anti-slip vinyl to passenger area floor.

OPTIONS & ACCESSORIES

- Lift up seat storage to position two and three
  - Side windows
  - Trim panels to crew area sides & ceiling
  - Leather upholstery
  - Extra lighting
  - Ply-lining to cargo area
- Load ramps
  - Load lifts
  - Cargo restraint systems

# Duoliner®

Vito 3-6 seat crew van

## The tailor-made multi purpose vehicle for work and leisure

### Design

By adding in a second row of up to three single removable seats this excellent concept, the CoTrim Duoliner, offers considerable benefits to the van operator, providing safe comfortable transport for up to six people including the driver. While it offers a safe, comfortable environment, it's the Duoliner's flexibility that sets it apart. If required the extra passenger seating can be moved or removed completely to create a full size cargo area.

Alternatively, the optional Space-saver seats as illustrated come standard with folding seat bases. These are designed to be tipped up when not in use, allowing the seats to be moved forwards to create additional floor space. This saves the operator having to remove seats from the vehicle, thereby saving time.

A range of optional accessories are available as listed to enable you to put together a specification to suit your requirements.

### Safety

The extra seating has been carefully designed and tested to comply with EU Whole Vehicle Type Approval safety standards giving peace of mind to the operator and passengers.

### Comfort

These high back seats, with contoured foam and deep seat cushions, provide a high level of passenger comfort. They are widely used by the Emergency Services, MOD and other Specialist applications, where long periods of sitting are required. Added to this, the positioning of the seats on twinplate rails has been worked out in such a way that both passenger legroom and load area are maximized.

### Versatility

With the ability to combine two roles, the Duoliner crew van opens up a world of possibilities to a wide range of businesses and other applications.

Optional Comfortline Contour reclining seats

Optional Comfortline Contour Access reclining & fold flat seats

Optional Flexiline Contour Space-saver reclining & tip-up seats

Duoliner Classic Comfortline seats

Optional plywood lining to the cargo area sides, doors & wheelarches

## STANDARD CONVERSION SPECIFICATION

One, two or three single removable Comfortline seats with in-built headrests and 3-point occupant restraints, installed to 850mm long twinplate rail system behind the front seats.

## OPTIONS & ACCESSORIES

- Comfortline Contour reclining seats
- Comfortline Contour reclining & fold-flat seats
- Flexiline Contour Space-saver reclining & tip-up seats
- Lift-up adjustable armrests
- ISOfix
- Side windows
- Trim panels to crew area sides & ceiling

**FLEXILINER®**  
Sprinter 7-9 seat crew van

Providing flexible multi-seat crew  
& cargo facilities

Design

By adding in two additional rows of six Comfortline removable seats, this excellent concept, the CoTrim Flexiliner, offers considerable benefits to the van operator, providing safe comfortable transport for up to nine people including the driver. While it offers a safe, comfortable environment, it's the Flexiliner's versatility that sets it apart. If required some or all of the extra passenger seating can be moved or removed completely to create extra load space.

Alternatively, the optional Comfortline Contour seat with its reclining backrest provides that added touch of comfort if required, while the Flexiline Space-saver reclining seats come standard with folding seat bases. These are designed to be tipped up when not in use, allowing the seats to be moved forwards to create additional floor space. This saves the operator having to remove seats from the vehicles, thereby saving time. A range of optional accessories are available to enable you to put together a specification to suit your requirements.

Safety

The extra seating has been carefully designed and tested to comply with EU Whole Vehicle Type Approval safety standards giving peace of mind to the operator and passengers.

Comfort

These high back seats, with contoured foam and deep seat cushions, provide a high level of passenger comfort. They are widely used by the Emergency Services, MOD and other specialist applications, where long periods of sitting are required. Added to this, the positioning of the seats on twinplate rails has been worked out in such a way that both passenger legroom and load area are maximized.

Versatility

With the ability to combine two roles, the Flexiliner crew van opens up a world of possibilities to a wide variety of applications.
